

Welcome to the Designing for Real People 2nd Year Group Projects

The Imperial-RCA DRP Coordination Team:

Mark Wheelhouse mjw03@imperial.ac.uk

Carolyn Runcie carolyn.runcie@rca.ac.uk

with Software Engineering input from:

Ivan Procaccini ip1914@imperial.ac.uk

The 2026 DRP Team

Carolyn Runcie
RCA
Service Design Tutor
DRP Project Coordinator

Mark Wheelhouse
DoC
Principal Teaching Fellow
DRP Project Coordinator

Ivan Procaccini
DoC
Senior Learning Technologist
Software Engineering

Sooyoung Oh
(RCA Tutor)

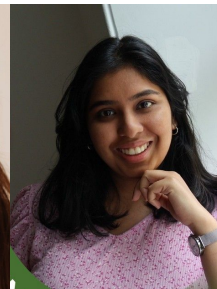

Tom Stables
(RCA Tutor)

Jane Pritchard
(RCA Tutor)

Cecilia Santucho
(RCA Tutor)

Trisha Fernandes
(RCA Tutor)

Jason Bailey
(DoC Tutor)

Jamie Willis
(DoC Tutor)

Nick Powell
(DoC Tutor)

Zaki Amin
(DoC Tutor)

Summer Term Outline (hybrid)

Spring Week 11: HCD Lectures – Discover & Define
Application Framework Tech Talks
HCD Workshop (Friday)

Summer Weeks 1 - 3: Exams

Summer Week 4: DRP “Project Inception” Week - Elevator Pitches
HCD Lectures – Storytelling, User Experience & Prototyping

Summer Week 5: DRP “Concept Development” Week - Milestone Reviews
HCD Lectures – Systems and Services
Introduction to Law for Computer Science - Lectures

Summer Week 6: DRP “Iterative Development” Week - Milestone Reviews
Introduction to Law for Computer Science - Case Study TRA

Summer Week 7: DRP “More Iterative Development” Week - Milestone Reviews

Summer Week 8: DRP Final Demonstrations & Presentations
DRP Project Documentation Deadline

DRP Project Requirements

During the Designing for Real People (DRP) Project you are required to design and implement a solution to a **real-world problem** identified by teams who understand a chosen context that involves real people.

Understanding this context helps you to identify opportunities to address **specific** problems and should include a **digital touchpoint** in the form of a **multi-user** web or mobile application.

Your digital touchpoint should involve **responsive** user interactions and must use a **database** to track some persistent internal state.
(Further details can be found in the DRP project specification)

Focus on something of interest to you and try to think of something original!

Make sure you have access to representative users (not yourself!)

The Double-Diamond Model

DRP Weekly Iterations

Important Dates

Easter Break and Examination Period

18th/19th/20th May – DRP/HCD Lectures (308) + DRP Clinic Hours (219/Teams)

22nd May – DRP Milestone Assessment 1 (Elevator-Pitch)

26th May – DRP/LAW/HCD Lectures (308) + DRP Clinic Hours (219/Teams)

27th May – Law Lectures (308) + DRP Clinic Hours (219/Teams)

29th May – DRP Milestone Assessment 2 (Progress Meeting)

1st June – DRP Lectures (308) + DRP Clinic Hours (219/Teams)

2nd June – Law Case-Study TRA (10.00 - 12.00) + DRP Clinic Hours (219/Teams)

5th June – DRP Milestone Assessment 3 (Progress Meeting)

8th June – DRP Lectures (308) + DRP Clinic Hours (219/Teams)

10th June – DRP Clinic Hours (219/Teams)

12th June – DRP Milestone Assessment 4 (Progress Meeting)

15th June – DRP Lectures (308) + DRP Clinic Hours (219/Teams)

16th/17th June – DRP Demonstrations and Presentations

19th June – End of Year Talks (308) + DRP documentation deadline (7pm)

Best Project Prize/Opportunities

Amadeus 2nd Year Group Project Prize (£50 each):

amadeus

Awarded to the best DRP final project presentation/demonstration.

College Open Days (24th/25th June):

A selection of the best DRP projects will be invited to present/demo their work at the College open days this June, and at other offer-holder days next academic year.

This activity will be paid at the usual Department Casual Worker rates.

IMPERIAL

... and finally ...

Royal College of Art
Postgraduate Art and Design

Good Luck !!
